Our Mission / Objective

Mission:

Our primary mission is to provide a full-service and accessible platform for junior golfers to learn, grow and play the game golf for many years to come.

As golf instructors, we want to train juniors with the best available techniques and practices available - giving them the tools to better their skills and lower their scores. Although swinging a club is not our only mission, as a friend and advisor we want to give back to the juniors what we have personally gained from the game of golf over the years.

Objective:

We have divided our junior golf program into three main components - junior golf camps, junior leagues, and competitions. What one gains from being involved with the process of learning golf at this level is a growing respect of values, integrity, honesty, and self reliance.

It is our objective to give each participant the opportunity to better themselves through these characteristics and bring a new meaning to the word 'golf' for each individual.
